I've been an entrepreneur for over three decades now. I successfully operated as President for my landscaping company retrieving my MBE in the City of Chicago as well as SBE, DBE/ACDBE, MBE and HUB certifications for the State of Texas. Worked with Governor Pat Quinn

state funded program Put Illinois To Work networking with The Chicago Urban League. Through my customer service skills; I gained the respect as a reliable company operating in the State of Illinois. My company serviced residential and commercial accounts ranging from landscaping, snow plowing, demolition and etc. During the life of my company I employed several independent contractors as well as employees.
